PRICE FIVE CENTS

THE CUSTOMS OVERMANNED FOR HEELERS

**Strong Denunciation of the De-
partment by Liberals in
Ottawa House**

NUMBER OF BILLS PASSED THROUGH HOUSE

**Minister of Finance Gives Some
Facts Regarding Gold Pro-
duction of Canada**

Ottawa, April 28.—Rapid progress was made in the financial measures with which the government has come into office, and the House went into committee of supply on the customs estimates.

Mr. W. T. White's bill providing for an increase in the allowance for the royal mint was read a second time and passed its first reading after the resolution on which it had been had been adopted.

Mr. G. H. Galt's bill authorizing the Silver Marks Bill was put through the committee stage and stands for third reading.

The resolution on which is based the bill amending the Grain Act was then disposed of and the bill introduced.

Hon. J. D. Hazel's bill providing for the installation of wireless telegraphy in the Canadian Posts was then advanced through committee, and the House took up supply.

Confidential Report.

The chief difference which occurred during the estimates was relative to the amount of cost of establishing the customs revenue service. Prof. Pardoe, chief liberal lawyer, maintained that the customs staff throughout the country had been overmanned for political purposes. It was a scandal, he declared, that revenue taxes were being collected at a time when so much money could be spent in giving awards to party leaders.

At the suggestion of Mr. Hazel, men had been appointed, although there was but a slight increase in the customs service. He said that there was an increase in the number of naturalized Canadians, resident at Alberni, near Deer, formerly Mr. Wilfrid Laurier, the premier had declined to interfere, also that the Canadian government, as premier had asserted, it was the right and duty of the British government to protect persons possessing Canadian citizenship.

Mr. Acland replied that his majesty's government had no information to the effect that the Canadian government, he, claimed to protect Russian subjects when within the limits of the dominions.

Mr. Galt, Mr. Galt, Mr. Galt, and other opposition members, declared that the conditions complained of by Mr. Hazel did not exist in any parts of the country. The latter said that in Nova Scotia a Liberal appointed a customs officer who was replaced by a Conservative who gets \$400.

Minister Demands Statement.

The minister declared there was no truth in the assertions made by the opposition members. There had been a large increase in the customs service necessitated the appointment of many additional officials. In no case was it a matter of political influence that the inspector for the district thought it necessary and desirable.

The total amount of customs salaries, etc., aggregate \$3,126,000 and the House rises at 11:30 p.m.

Quarrel Dry Stock.

During the question time J. H. Sinclair of Guyborough asked if it was true that the intention of the government was to increase the tax on Esquimalt, B.C., and if provisions would be made in the estimates this year for the work. Hon. G. H. Galt, minister of public works, in reply said that the master was under consideration.

He said that it was true that there was a large quantity of small arm ammunition manufactured in the arsenal at Quebec was largely bound to go to Europe.

Hon. Samuel Hughes said that the master was bound to consider and that he had no reason to make a statement until he had received a report.

More Money for Min.

Hon. W. T. White, minister of finance, then moved the consideration of a bill authorizing an increase of \$5,000 from a sum not exceeding \$116,000 to a sum not exceeding \$121,000 for the consolidated revenue fund for the maintenance of the Ottawa branch of the royal mint. Mr. White explained that the bill authorizing the royal mint was passed in 1901 a provision was made for an annual amount not more than \$75,000. In recent years this was found to be inadequate and an addition was made to the amount in the estimates. Last year the cost of maintenance was \$95,000. It was believed, however, that a sum of \$116,000 will be sufficient for some time to come.

Where Metal Is Obtained.

Mr. White, in the course of his reply, said that most of the metal used in the mint comes from the Yukon, but some of it is produced in Nova Scotia and Ontario. The cost of gold and silver minted in the mint had been \$1,112,000 and for the first three months of the present year

GENERAL DEBATE ON NEW TARIFF BILL

**The Democrats Land Men, While
Republicans and Progressives
Demand Its Provisions.**

By Bulletin Leased Wire.
Washington, April 28.—The general debate on the democratic tariff bill in the House wound up tonight in a session which lasted two hours. The debate spent the day in holding the measure, while alternately Republicans and Progressives attacked its provisions.

The House, weary after a week of tariff oratory, did not produce a number of speeches, but those which were made were empty boshes.

Representative Payne of Illinois, chairman of the ways and means committee, and the father of the present tariff law, had a good stand audience on him when he denounced the bill.

The House adjourned at 11 o'clock.

**Final Result Shows That Conser-
vative Elected to Second Seat
Here by 194**

**ALL BUT ONE RIDING
IS NOW HEARD FROM**

Liberals Have 36 Seats, Conserva-
tives 17, With One Doubt-
ful and 2 Deferred

**Will Make Necessary Financial
Arrangements in London for
Raising of Loan**

**Another Official Returns by the Return-
ing Officers in the Provincial
Elections, and the Results Show
that, with the exception of Clew-
stower, all the doubtful seats had gone
to the Conservatives.**

Chairman of the Conservative com-
mittee, Mr. H. W. McHenry, and A. W. Wil-
liams, Taylor has been elected to the
second seat here.

The result is as follows:

LIBERALS 36

PROGRESSIVES 17

DOUBTFUL 1

DEFERRED 2

There were very close contests in three ridings, and the returning officer, J. R. Lowry, Conservative, secured the honors by a majority of eight; in

Portage la Prairie, Mr. S. C. Miller had won by 194.

The returning officers will be away about six weeks. Hon. C. E. Smith, Minister of Finance, will be in the city on May 1.

Immediately the arrangements have been completed the premier will have to call a session of parliament to meet in June.

Immediately the returning officers will be registered and treated as regular members of parliament.

**Direct Packets To
Sail Between Canada
and Great Britain**

**Magazine and Parcel Mails May
be Dispatched on Each of
These Sailings**

By Bulletin Leased Wire.

London, April 28.—There is no cause for pessimism even now.

This was the only official utterance that can be observed in the conference of ambassadors on the Balkan situation today. The conference, based now on three days' work, adjourned for May 1.

It is still expected that the diplomats will find a peaceful solution of the problem created by Montenegro's defiance of the powers.

The meeting, however, in view of the fact that the Balkans have been involved in a small war since last month, is likely to be a long one.

News of the South Side

SOUTH SIDE OFFICE: 24 WHITE AVENUE EAST, TELEPHONE 2415

SOUTH SIDE LIBERALS FORM NEW ORGANIZATION

Large Attendance at Meeting Held Last Night—All Are Eager to See What Political Changes and Victory to Future Liberals.

The South Side Liberals reorganized at a well attended meeting last night. The following officers were elected as members of the new organization: President—H. C. Boyd; Vice-president—J. McKechnie; Secretary—G. W. Gilchrist; First vice-president—A. L. Marks; Second vice-president—R. J. McDonald; Secretary-treasurer—R. S. Cook; Executive—W. J. Keenan; T. McDonald; G. H. Green.

The executive committee composed of the officers and the executive of the various local organizations and committees, the chairman of which are to be ex-officers of the new organization.

Was Large Attendance.

The club rooms in the rear of the New Diamond Hotel were packed. A large audience in the streets and around the door.

All Liberals held their credentialed meeting. All the stalwart workers of the recent campaign were there and also many of those who had been instrumental in it.

At the outset the officers of the South Side Liberal Club resigned and the new organization was formed. The meeting proceeded to discuss the form of the new organization.

Various took part in the discussion. Various views were expressed on the merits of attractions such as post and other services, and so on.

There was a strong expression of opinion in favor of campaign of education in the new organization.

It was suggested that monthly political debates or discussions be held in the rear part of the constituency.

The discussion revealed only a desire to death to see the new organization succeed in its efforts in order to secure success for the Liberals at the next election. It was decided to have a public dinner at the end of the meetings to be held in the rear of the constituency.

The discussion revealed only a desire to death to see the new organization succeed in its efforts in order to secure success for the Liberals at the next election.

It was late and the rest of the session of offices came rapidly. Indorsement for each, that a motion was carried to have a public dinner to be held in the rear of the constituency.

Indorsement for the executive committee was given and the officers were elected by acclamation.

With regard to the executive committee several were nominated, but one after another all the others withdrew and the three required were elected and the new organization was now seated.

The executive are to meet and to appoint standing committees and the chairman will become members of the executive.

Invitations for the dinner were delivered by J. G. Tipton, William Lang, D. H. MacKinnon, Hon. A. C. Rutherford and several others.

SOUTH SIDE POLICE COURT.

Monday's session of the Magistrate Court was long and interesting from 10:30 a.m. till 2 p.m. of a court a stenographer making the taking of the evidence a lengthy procedure.

Martin and Clark, the alleged pick-pockets, were committed for trial. When an American woman got off a train for Calgary last Wednesday, carrying three valises, and a couple of men who took one of his valises and helped pack up the steps of the train, he followed her to the station. He was late and the rest of the day was spent by the police in trying to find the woman.

Reverend Gold going to the Yukon

Alfred Thompson of the Yukon was sent to the Ottawa Police Department to give a statement concerning the return of the Canadian gold to the United States.

He said that he had been asked to go to the Yukon and as a result had gone to the Yukon and had many adventures.

Canada, he said was anxious and willing for reciprocity. Why then not arrange for a trade between the two countries? He said that he had been visiting minister while conceding that there was still trade going on.

He said that he believed that reciprocity would certainly give a strong assist to this business. Reciprocity, he said, would be a great advantage to both countries which advantage could not be otherwise.

Marking of Coins.

Mr. George E. Foster, representing the Atlantic Division of the P. R. B. Co., has indicated that he will help Mr. Martin, and his companion Clark, who were arrested on arrival at the court, to get bail, and that the court at which they will be held, H. H. Hyndman, presented for the C. P. R. Co.

G. Gough brought suit against the Oval Mitchell Company for wages due him for work on the new low level bridge. He claimed that the company said that he owed for the work. Gough has since been received the house. Theodore Conner, the man the company sent to do the work, turned when he left. The company turned to the magistrate that he was not satisfied with the work done and he ordered them to pay the \$25 claimed, and the costs of the court.

G. W. Bileshcer, charged with assault by Joseph Hidell, pleaded "not guilty" and was remanded on Tuesday.

K. McKechnie, the man who is a member of the firm of grain commission on the terminal elevators of the south side police, is still at large.

S. S. BUILDING PERMITS TOTAL \$866,291.00

April Permits for South Side Number 126 Valued at \$24,780—Heats Biggest Month Last Year by a Good Margin.

Building permits totalling over half a million have already been issued from the South side office of the Building Inspection Commission. In 1912 building permits now reach \$866,291. This will mean much more circulation among workmen and business men.

The South side office of the building inspection is not accessible from the main office of the commission, but released the embargo on the publication of South side building permits.

Alberta, J. M. Douglas, M.P.; Hon. A. L. Smith, Minister of P.P.C.

President—A. T. McLean.

First vice-president—A. L. Marks.

Second vice-president—R. J. McDonald.

Secretary-treasurer—R. S. Cook.

Executive—W. J. Keenan, T. McDonald; G. H. Green.

The executive committee composed of the officers and the executive of the various local organizations and committees, the chairman of which are to be ex-officers of the new organization.

Was Large Attendance.

The club rooms in the rear of the New Diamond Hotel were packed.

A large audience in the streets and around the door.

All Liberals held their credentialed meeting. All the stalwart workers of the recent campaign were there and also many of those who had been instrumental in it.

At the outset the officers of the South Side Liberal Club resigned and they thought the building board had been taken out since the publication ceased owing to the closure order issued by the government.

Thus this year is going to see an expansion of the building boom of last year. The heats are still being laid.

Mr. Frank Oliver wanted to know if certain weather than had anything to do with temperatures.

He was invited to have the inspection of the present mills be quite regular.

STENEGRO MUST EVACUATE AT ONCE

Nicholas Wants to Be Placed on Equal Footing With Other Balkan Nations

London, April 25.—The representative of the Montenegrin government, recently received instructions today from Cattini, ordering him to present to the European Powers the demand for the immediate evacuation of Scutari by the government of King Nicholas "as just and cruel."

"We have the honor to declare to the Royal Government of Montenegro that the taking of the fortress of Scutari does it in no way interfere with the decision of the European Powers relative to the delimitation of the frontiers of Northern and North-Eastern Europe," said Cattini.

The City of Scutari must be evacuated with the briefest possible delay and must be handed over to the European Powers presented by the commanders of the international military force occupying the Dardanelles and the east. The Royal Government of Montenegro is invited to give every support to this communication."

The Montenegrin representative, in view of the demands, was entitled, received a cable back from Italy, April 24, reading:

"I have been ordered by my government to present formally against this unjust and cruel demand and once more to ask the European Powers to accept in an equitable manner the position of Montenegro's future and to allow the Montenegrins an equal position with the other Balkan allies."

Have Left Scutari

Venice, Austria, April 25.—Crown Prince Danilo of Montenegro, and his son, who had marched out of Scutari last night, were reported to-day. No dispatches received here today, only a battery of Montenegrin artillery was heard near the fortifications of Scutari.

Referring to the published statements that the movements of the Montenegrin forces were directed towards the evacuation of the fortress, it had been demanded by the European powers.

Fire Caused Loss of \$200,000.

Montreal, April 27.—A fire in the big building occupied almost the block of Sharp street between Peel and Queen streets, caused a loss of about \$200,000. Half the building was occupied by George Eastman's photographic company, the other part by the Chesapeake Manufacturing Company, furniture manufacturers, and the remainder by the Canadian Pacific.

All the damage is said to be covered by insurance.

Scutari Finally in South.

London, April 25.—The long-drawn-out battle for the capture of the northern Ottoman frontier from the Georgian Bay coast along the Matawa, French River, and Lake Huron, has ended with a record early spring record this year. The most favorable conditions an early may have been had for.

GEOGRAPHIC BAY CANAL.

The British and Canadian forces have captured the last portion of the Georgian Bay coast, from the Georgian Bay coast, St. Robert River, and Lake Huron, English Bay, in Ontario, for a few days.

Robert has in mind a waterway forty-four feet deep and of such proportion that ships can pass through the lake to the Great Lakes.

Canadian grain can be shipped direct to parts of the world by the proposed

canal.

Real Enemies of Canada They Who Check Free Commercial Intercourse With U. S.

London, April 23.—The Daily News and Leader (Liberal) editorially discussing the peace commemoration celebration between England and the United States, says:

"Next year's commemoration will bring the country into complete agreement not only with the United States but with Canada. Canada, it is important to remember, has as profound an interest in Anglo-American peace as we have."

Heretofore, the United States, and not a fort or a gun or a sentry serves to mark the fact.

There is no greater testimony to the triumph of civilization than the fact that the two greatest naval powers of the world are embroiled with each other,

not of peace only, but of the interests of Canada and of the Empire which seek to promote artificial checks to free commercial intercourse.

"We have nothing to lose and everything to gain by the continuance and development of the friendly relations between the United States and Canada."

Arrested for Street Preaching; Convicted for Obstructing Street

Captain Lilian Crowell, of South Side Salvation Army Corps, explains Position of Members of Force in Connection With Saturday's Prosecution—Will Appeal the Case.

Captain Lilian M. Crowell, who, with five other members of the corps, was arrested for spending hours in the east at the South Side police station Saturday stated yesterday that some of their friends were under the impression that they had spouted their case in pleading guilty to obstructing the street.

Captain Crowell said that he would like to point out that the officers of the corps did not bring up before Magistrate Downey were charged with street preaching and that they did not do so.

They had therefore no alternative but to plead guilty.

Curious Anomaly.

While they did not deny that they were street preachers, they did deny the obstruction. She alleged that the officers of the corps had been arrested on the street the police tested their prosecution on the obstruction, which was denied. "We have a good case and that is why we win out," said Captain Crowell.

Captain Crowell and Marguerite H. Bryan, of the corps, were arraigned March and brother large in another child, a third child named Color-Sergeant Jasmyne and Drummer Wyman.

C.P.R.'s Expenditure for the Year Will be Hundred Million

Sir Thos. Shaughnessy Confirms Announcement of Expenditure of Fifty Millions in the West—Financial Arrangements Have Already Been Made—Uncertainty as to Appeal to London Money Market.

Ottawa, April 28.—Sir Thomas Shaughnessy, president of the Canadian Pacific, cables from London:

"Since my arrival in England my attention has been drawn to a recently published cable message to the effect that the company contemplated an expenditure of \$10,000,000 this year in new steamship tonnage and constructing branch lines and putting tunnel through the Rocky Mountains, which will provide an alternative route to the Pacific."

A new line of steamship tonnage now exists, and which will enable the railway through the tunnel to be run direct to the Pacific.

The report can only refer to western Canada, for as a matter of fact, our eastern system during the near future will be used \$10,000,000 exclusive of new road steamer which will not immediately appeal to the London money market for fresh capital as our financial arrangements have been

Referred to the published statement that the new shipping arrangement will provide an alternative for the construction of ships capable of being used as mail steamers.

"This is all more speculation or attempt at intelligent anticipation than fact. In this contract for one year only it must be obvious that nothing so costly as steamers armored and equipped for use as war cruisers and forming a second line of defense for the naval defense of the North Atlantic can be embraced with only a small amount.

The deal—E. H. Shute, Altona, Wis., passenger engineer, N. J. Hendon, chief engineer, and Fredrick Minnemann, Muir, passenger engineer.

John L. Page, East Chicago, passenger foreman.

The others injured were passengers and crew members. The man could not be known none of the freight crew was hurt.

TOO MANY VICTIMS OF OFFICE SEEKERS.

London, April 27.—Sir Thomas J. H. Bryan has received a wire from the General Post Office, Ottawa, that they will not require the services of C. L. Bambridge, of Brooks to take over the department office which he has been rewarded for his efficient activities.

"The whole Krupp business is due to the fact that he is a very bad money," said a well known politician.

"If you want profit, consider whose pocket you are in," said a copy of letter of the Deutsche Waffenfabrik Works' their Paris agent, in the French press.

One of the two names signed is Von Gondard and von Gondard's wife is the young princess.

MILITARY MYSTERIES.

The British public, it is admitted, has bought an enormous interest, the Taghebalt says, in the Deutsche munitionen, which is the largest munition company in Germany, and profits that it is obliged to resort to various schemes to conceal the actual value of its products, which are profit down to 20 per cent, while the true profit of the last five years are shown by the fact that No. 25 passes on the balance sheet it showed buildings and land owned by the company valued at over \$2,000,000,000, while the balance sheet shows here with an extra freight.

The dead—E. H. Shute, Altona, Wis., passenger engineer, N. J. Hendon, chief engineer, and Fredrick Minnemann, Muir, passenger engineer.

John L. Page, East Chicago, passenger foreman.

The others injured were passengers and crew members. The man could not be known none of the freight crew was hurt.

LIVERPOOL LIVE STOCK.

Liverpool, April 28.—John Rogers and company cables that trade at the port of Liverpool is still in progress.

Trade must now be marked down to 14 1-2 to 15 1-2 cents per pound for Irish steers.

Americanization of Germany Responsible for Whole Krupp Business, Says Politician

LEADING GRAFTER MADE GERMAN PEER

Shares of Lie-Spreading Armament Manufactory Fall Thro'

Year of Nationalization

Berlin, April 27.—The Berlin Neues is Nachrichten, one of the Chavannist papers whose connection with armament interests was exposed in the Reichstag debates naturally criticizes Secretary Bryan for his policy.

"Mr. Bryan is in a great hurry to become the international laughing stock of Europe. He has no right to have us as guides for our policy the silly agitators twaddle with which he has surrounded himself," says the Berlin Neues.

"The whole Krupp business is due to the fact that he is a very bad money," said a well known politician.

"If you want profit, consider whose pocket you are in," said a copy of letter of the Deutsche Waffenfabrik Works' their Paris agent, in the French press.

One of the two names signed is Von Gondard and von Gondard's wife is the young princess.
